NITC 2024 CONFERENCE

07 DEC

NITC 2024 CONFERENCE

The NITC Conference 2024 is a premier event designed to empower freelancers, aspiring entrepreneurs and remote workers. This conference offers a unique platform for individuals to learn, grow, and thrive in the freelancing ecosystem. Whether you're new to freelancing or an established professional, this event has something for everyone.

NITC is the social community for highly professional IT specialists. 90% of IT professionals work inside their office or home throughout the year and an Event like NITC Conference; brings the air of refreshment into their life where they can meet and greet with same minded people. NITC authority would love to take the opportunity again this year to arrange a massive professional conference at the District Narayanganj-Araihazar. The title of the event would be "NITC Conference 2024"

About

NITC CONFERENCE

The primary goal of NITC is to encourage IT professionals and guide them in the proper direction. Our audience includes IT professionals of all skill levels, including IT entrepreneurs, web designers and developers, graphic designers, article writers, digital marketers, and all other freelancer professionals working on sites like Upwork, Fiverr. The mission of NITC is to create opportunities, identify problems, and expand networks among all IT professional communities.

EVENT DETAILS:

Venue: There is enough room in the auditorium for 300 people to sit down. It is equipped with the newest technology, including an expansive LED Screen, a good sound system, adequate lighting, and air conditioning.

1. Audience: IT professionals, IT entrepreneurs, IT freelancers, and students interested in learning about or pursuing a career in IT.
2. Social & Multi-Purpose Spaces: There is an open area outside the auditorium that can be used for catering, networking, and social gatherings.
3. Media Exposure: NITC will be presented through a variety of media platforms, print media, and the Internet. The event website, as well as other blogs, social media platforms, and Online news websites, will post and update information on the event Online.

Why
SPONSOR US

By sponsoring NITC Conference, your company will be able to connect with individuals that are directly involved in your industry. People in today's society are more aware than ever before, and they begin to plan their professions at a very young age. The majority of students want to establish their careers after taking the HSC examinations, and this aspiration motivates them to pursue freelancing. In our nation, the number of independent IT professionals is rising quickly, and those just starting out are eager for a platform like NITC to provide them with some guidelines for launching their careers.

To ensure the success of this event, NITC will continue to promote it through all available media, and we pledge to highlight all of our partners during the course of these efforts. Our initial goal is to get in touch with 10,000 persons who are either directly or indirectly involved in the freelancing IT industry. Since it is well known that Bangladesh is a developing nation and our government is putting in a concerted effort to increase the percentage of freelance workers so that those without jobs have a source of income.

We are extremely delighted to inform you that the majority of the people who are leading the IT sector in our country have agreed to attend the conference with us. These renowned Leaders are admired and followed by individuals who are employed as IT professionals, freelancers, or who are considering a career in IT or freelance. It's an honor to have those leaders at our side who support NITC in establishing a strong foundation for each of its activities and sponsorship promotion.
